# Here's another ideal range bull.

He is Lot No. 111 at the 1977 Western Stockmen's All Breed Bull Sale at Funiosa, California. He was voted by cattlemen in attendance the ideal range bull over some 300 other bulls representing 13 breeds. This is the second year in a row that a homed Hereford was voted this honor.

Over 100,000 registered Herefords lika him will sell this year. And for good ressous.

Fertility: A strong Hereford breed asset that insuces a tigh rate of conceptions

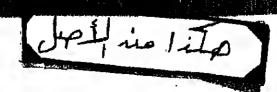

Dependability: Research proves Hereford bulls increase calf crap percentages.

Performance: Backed by the world's largest and most complete performance lesting program.

Availability: Ranchers buy more Hereford hulls at auction each year than the next two breeds combined.

All things considered...HEREFORD

American Hereford Association • 715 Hereford Drive • Karsas City, MO 64101

AJQHA Scholarship

Guidelines Revised

A number of important chonges have been made in the American Junior Quarler Horse Association Scholarship Program to sneourage s greeter num-Progrom to sneourage a greeter number of Individuela to apply for scholarships In the future, announces the American Quarter Horse Associotion, Sale Set Sept. 30

Amarillo.

Among the chonges is o revision in the guidelinos for damoosiration of financial need. Beginning in 1979, there will no longer be an absolute family ber 30, 1978. Sale time is 1:00 p.m. income ceiling or a requirement that a certain number of children be enrolled in school. However, income will remain a critical fector in assessing achoinship applicants.

Fort Worth — The 2nd Annual Beafmastar Association National Beafmastar Association in Barn Nu. 8 at the Fort Worth Stock Shuw Grounds. Sale day phone is 817/335-0279. Lunch will be available.

a critical fector in assessing acholarship applicants.

In eddition, under the new guidentlines, individuals alroady corolled in college will be aligible to apply for scholerships sa long as they have not reached their 21st birthday at the time their first epplication is considered by the salection committee. This policy enables those who were upable to questify for scholership besed on their high school records to demonstrate their shillty et the college leval and to quelify et that time.

A self-committee for the selection of the selection committee the selection committee. This policy enables the selection committee the selection committee the selection committee the selection committee. This policy enables the selection committee the selection committee. This policy enables the selection committee the selection committee the selection committee. This policy enables the selection committee the selection committee the selection committee. This policy enables to the selection committee the selection committee the selection committee. This policy enables the selection committee the selection c

their ability et the college leval and to quelify et that time.

Another important chaoga is the satabilishment of e policy allowing scholarship racipients to apply for renewsis of their graots. This provision makes it possible for en individual to receiva linsucial assistance throughout his or bar undergraduata program.

Also, beginning in 1979, a limited number of "scholarships at large" will be awarded on iba sama besis as the reguler, scholarships, with one exception. Scholarships at large will be awarded without regard to financial need of the applicant. This will allow a cartalo oumber of lodividuals to receival occurrenced.

Allen, owners of Allen Angus Ferminear here, will hoat the largest one-ilay Angus sale in the history of the breed in guaranteed dispersion and 100% liquideling of their Angus herd on Saturday, Sept. 23, heginaling at 9 a.m. in the Jahason Connely Dairy Sales.

a.n. in the Johnson County Dairy Sales: Baru, formerly the flow Palace Sule Payllion, near here.

Selling will be 500 bend Including three herd bulls: 10 performance tested, servireable age hulls: 200 cows with calves of side; and 75 bred and open befors. The sole will feature the get, service and sale of Windae Northern 114G, a straight Western Canadlan bred san of "Great Northern" ICMSI; Windae Skyaernan 49F, a straight west. Windac Skyaerapor 48F, a stroight wos-tern Canadian bred son of the Regina Grand Champlon, "Conedian Sky-serapor," and Premier Employs 545B, bred like the undefealed "Sayre Po-

Reason for the dispersion is that Er Allen is advonced in years, and has de-cided to liquidate this select herd that he has so rarefully lired and built over the past many decades, said the sale manager, Tom Burke of Smithville, Mo.

heod. Next opecial "Top Dollar" solo at Fort Worth Slockyardo will be Sept. 28.

Classifiede Sell Angus

# Solid research proves, and packers confirm: Angus are the most profitable for feeding.

Do you hava to faed your cettla too long to make the USDA Choica Grada?

Are you thred of being docked for over-fat, lowylaiding stears?

Than switch to Angus. Rasaarch provas today's Angus and Angus crosses get out of the feadlot test-with both the quelity end yield grede you nead for top prices.

Tests at the Univarsity of Wisconsin showed Angue grade Cholca from 15 to 65 days sooner than other breads-saving you fead time end labor.

Kanses State Univarsity proved Angus hava a ganetic advantaga for marbling in lass time, without putting on excassiva outsida fet as occurs in most othar breads. You gat Choice grade plus high ylaid.

In a Univarsity of Illinois survay of 226 alaughtar and procassing plants, an amazing 65% raported that Angua, including crossbreds, provided tha most useful and profitable product—the reason for market-topping pricae.

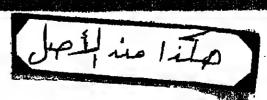

And today's modern Angus and most Angus crossbrede are blg enough to gein 3 lbe. e day and still finish at 1,100 ibs. or less. They're afficiant converters of feed end aconomical to handle.

So why don't you feed Angua-for higher-quality and higher-yialding carcasses with less tima in tha faedlot—for mora money?

Ramember, research provas, "Thay're worth mora If thay're black!"

L. Hemphill, against manager, heve made the Nine Her production sales in Oct. 4, San Antonio

made the Nine Her production same immous by selecting only a limited number of the ranch's very best bulla and le Sr., and R. W. Briggs, Jr., owners of Briggs Ranches, will conduct their than the same Santa Gertrudis production sale

# Feeder Calf Profits.

R lack Baldies, (Brangus/Hereford crosses), are in strong demand by feeders and bring top market prices for you!

Black Baldies are an ideal feeder animal. Ask any commercial cowman about the great calves with "a little ear". Medium-sized at birth, they make calving easy for any type of cow. They gain quickly on feed or forage, and average 75 to 100 pounds heavier at weaning than English breeds.

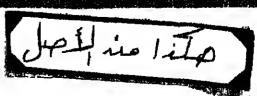

Brangus feeders mean fewer problems for the operator because they are adaptable to climactic extremes and are pest and disease resistant. But most important, Brangus feeders are consistently PROFITABLE. They lay down internal fat early and finish early with enough marbling to grade choice. Brangus calves are preferred—by stockers, feeders, packers, and consumers. If you want PROFIT, you need BRANGUSI

For information about scheduled events, upcoming sales, and sale catalogs, call collect: Lauren Mayhew, Secretary, Texas Brangus Breeders Association, P.O. Box 570, Sealy, Texas 77474. Tel. (713) 885-3364.

You get what you pay for!

More and more cowmen are finding out ---

"We ere golsg to heve the largest Limousin event aver held is this coutry at the 1978 American Royal", atated Greg Martin, tha Exacutive Vice-Prasi-dant. "With the tenth annual cenyantion, tha World Futurity Show and Sala and the National Junior Haller Show all taking place in Kenaas City from November 11 through the 14th, we wented fo ancourags evaryone to briag thair best Limoualo staare to tha American

Royal."

The Amaricao Royal Juoior Steer Show will be on November 10 and 11, with the Craod Champion pleked at noon on Saturday, tha 11th. Entry forms are evaliable by writing the American Royal, 1701 American Royal Court, Kansaa City, Miscourl. Entries close September 25, 1978.

# Oklahoma National Limousin Bull Test

The first national Limouein buil test is echaduled for this fall at Connara State Collaga Test Station at Werner, Okishoma. The test is open to ell 75% and greater Limouein bulls born to October, Novamber and Docember of 1977 and January, Esbruary, and March of and Januery, Fabruary and March of 1973. The '77 bulle will make up that again or division and the '78 bulle will comprise the junior division.

Bulls must be delivared to the test station between October 7 and October

14. The twenty-one day warm-up will bogin efficially oo October 18 and the test starts on November 3. The bulls will some off test lo March and will be sold, if the owner chooses, in mid-April at the Conners Station sales facility. "We have had such a etrong damand for parformance tasted Limousin bulls

for parforms nee lasted Limousin bulls this past spring by the commarcial man, that the National Board of Diractors has decided to initiate this project along with the Oklahoma Limousin Breaders Association, asld Greg Mertin, the National Executivs Vice-President.

Hal Courtnay, National Diractor from Oklehoma, stated "Oklahoma is the center of Limouein cattle in this country and has more breaders than any other state in the nation. We feel that it is fitting to heve the first national buil teat hare in Oklahoma."

Entries should be mailed to Gary Harding, Conners State College, Warner, Oklahoma, 75569. Anyone having questions concerning this teet is ancourted to sell Gary Harding or the

couraged to call Gary Harding or the North American Limousin office io
